

## **POSITION ANNOUNCEMENT Technical Services Division**

### **Staff or Senior Engineer in Timber Engineering**

#### **Responsibilities:**

This key position will be responsible for the following key activities at APA's Technical Services Division:

- Develop or update design information for gravity and lateral load (wind and seismic) design through engineering
- Conduct product or assembly testing, evaluation, and research
- Prepare test reports based on data analysis or engineering
- Perform engineering services for the public and APA members
- Participate in the activities of building code and standard development
- Participate in committee activities relevant to the needs of the APA membership
- Interact with the staff of other organizations on technical issues
- All staff hired after July 30, 2021, must provide acceptable evidence of Covid vaccination or acceptable evidence of initiation of the vaccination process prior to start date unless they are exempt by federal, state, or local mandate.

APA complies with provisions established by the Equal Employment Opportunity Commission.

Substantial opportunities exist for professional growth through regular contacts with the forest products industry, scientific/engineering community, regulatory agencies, and other research organizations throughout the world.

#### **Qualifications:**

An M.S. or advanced degree in engineering or other related fields, with a minimum of 2 years of experience in timber engineering or construction, or in building code development, is required. A P.E. certificate or experience in glued engineered wood products is a plus. The candidate must be willing to conduct testing in the lab, in addition to periodic travel, both domestically and internationally, and must be self-motivated and a team player.

#### **The Company:**

APA-The Engineered Wood Association is the premier industry trade association representing the majority of North American producers of engineered wood products. We offer competitive compensation and a comprehensive benefits program including health, life and Long-Term Disability insurance, paid leave and holidays, 401(k) retirement program, Long Term Care coverage as well as others.

Based in the beautiful Pacific Northwest, our Headquarters and Research Center are located in Tacoma, Washington. We are nestled between the Cascades and the Pacific Ocean with vast recreational opportunities and excellent quality of life.

**APA is an Equal Opportunity Employer**

**To Apply:**

For confidential consideration, qualified applicants should submit a cover letter and resume to [hr@apawood.org](mailto:hr@apawood.org). We thank all applicants for their interest, however only those under consideration for the role will be contacted.

If you require reasonable accommodation in completing the application process, interviewing, or otherwise participating in the employee selection process, please direct your inquiries to the Human Resources Manager by email at [HR@apawood.org](mailto:HR@apawood.org) or by mail to HR Manager, 7011 S 19<sup>th</sup> St, Tacoma WA 98466.
