**Subject:** Ballot 1 of ANSI/APA PRS-610.1

**No. PRS-610-03**

Attached is the 1<sup>st</sup> Committee Ballot for ANSI/APA PRS-610.1, *Standard for Performance-Rated Structural Insulated Panels in Wall Applications*. As you know, the Committee has been working on this standard since October 2007 and has gone through 4 committee drafts. The prior drafts and committee meeting minutes can be reviewed at <http://www.apawood.org/standards>.

This Committee Ballot results from the last Committee draft (#4) dated December 2008, which received many persuasive good comments. A task group reviewed those comments and suggested changes. It was agreed by the task group that this draft could be issued as the 1<sup>st</sup> formal Committee ballot.

Please fill out the attached ballot form and return the ballot to me by **July 10, 2009**. Thank you for your contribution to the development of this standard.

Sincerely,

A handwritten signature in black ink, appearing to read "Borjen Yeh". The signature is written in a cursive, flowing style.
